COVID-19 EXPENDITURES

MEMORANDUM

To: John Pate, City Manager

Cc: George Ellis, Assistant City Manager

From: Bob Anathan, Budget Administrator 

Date: May 22, 2020

Re: COVID-19 Expenditure Status

In response to Commission direction to be kept informed on a regular basis as to the status of COVID-18 expenditures, attached is the initial weekly report.

A corollary issue is what is available for additional COVID-19 responses. As discussed previously, this has to be viewed using two different lenses. COVID-19 expenditure comes from the General Fund. For this year, if City National bank releases the \$2.5 million of excess pledged funds it has been retaining as agreed, if there are no major uses of contingency such as major hurricane damage and if the State approves deferral of payment of prior year red light camera fees due to the State, the surplus of General Fund revenue over expenditure should be in the \$2.5 million to \$3.0 million range, even with the prospect of losing over \$1 million of revenue due to COVID-19. By this measure, the City can make significant additional contributions to combatting COVID-19.

However, as noted in the Operational Audit, the City should have a General Fund Unassigned Fund Balance (a "rainy day" fund for navigating through emergencies while maintaining services) in the range of \$3 million as prescribed by the Government Finance Officers Association (GFOA), which is the gold standard in providing governmental financial guidance. The just-completed FY 18 audit indicates that as of September 30, 2018, this metric was negative \$4.0 million, meaning the General Fund will have to generate a surplus of \$7 million of revenue over expenditures in the future to reach the target. Based on the preliminary data available to me in regard to FY 19 and even if all of the stars align to provide the positive FY 20 forecast discussed in the prior paragraph, my estimate is that while this metric will substantially improve from September 30, 2018, it will still be negative at the end of this year, meaning that much work remains to reach the recommended target. This is further complicated by the fiscal prospects for FY 21 where revenue will be down by a significant but unknown amount due to COVID-19, making further short-term improvement of this metric unlikely and possibly even reversing this recovery on an interim basis.

Consequently, as to funds available for further COVID-19 issues, a menu of options should be identified for which the City might choose to spend, the benefit provided from each expenditure should be determined and an evaluation made as to whether these funds are best spent for this purpose versus being retained to assist getting through next year's fiscal challenges and continued emphasis on restoring City fiscal integrity through continuing to restore Unassigned Fund Balance as identified in the Operational Audit.

MASK ORDINANCE

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COMMISSION OF THE CITY OF OPA-LOCKA, FLORIDA, AMENDING CHAPTER 8, ARTICLE I, TO CREATE NEW SECTION 8.6 ENTITLED “FACE MASKS OR FACE COVERINGS DURING PANDEMIC RELATED PUBLIC HEALTH EMERGENCY THAT THREATENS LIFE, HEALTH AND SAFETY OF RESIDENTS”; PROVIDING FOR INCORPORATION OF RECITALS; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City Commission of the City of Opa-locka recognizes the emergency declarations of the President of the United States, the Governor of the State of Florida, and the Mayor of Miami-Dade County related to the spread of COVID-19 disease in our community; and

WHEREAS, several Executive Orders have been issued for the closure of certain businesses and the limitations on the operation of essential businesses within their respective jurisdictions; and

WHEREAS, the Commission has authority under the Governor Ron DeSantis’ Executive Order 20-52, to prevent the introduction of contagious, infectious, or pestilential diseases into the City and to establish and regulate a sufficient quarantine, not inconsistent with laws of the state, in the City and to punish any breach of quarantine law; and

WHEREAS, the City Commission finds that an emergency of unprecedented size resulting from the natural cause of community spread of a novel human coronavirus disease, COVID-19, has occurred in the City of Opa-locka; and

WHEREAS, COVID-19 is a disease caused by a novel coronavirus, previously unknown in humans, and causes upper-respiratory tract illnesses that can range from mild to severe, spread quickly, and may cause death, particularly in older adults and persons with certain chronic medical conditions; and

WHEREAS, the World Health Organization declared COVID-19 to be a global pandemic as of March 15, 2020; and

WHEREAS, the spread and effect of COVID-19 has created a humanitarian crisis of unanticipated proportions; and

WHEREAS, on March 13, 2020, President Donald Trump declared a national emergency related to the COVID-19 pandemic, restricting international travel to prevent spread of the disease; and

WHEREAS, the City of Opa-locka is threatened by COVID-19 because of the extraordinary ability of the virus to spread rapidly among humans, and COVID-19 thereby

constitutes a clear and present threat to the health, safety, and welfare of the citizens and visitors of the City; and

WHEREAS, although under investigation and development, no vaccine or drug is currently available to cure or combat COVID-19; and

WHEREAS, as of April 27, 2020, Florida has had 32,138 identified cases of the coronavirus, including 11,570 in Miami-Dade County, where the City of Opa-locka is located; and

WHEREAS, Florida has recorded 1,088 deaths attributed to COVID-19, with 302 of those deaths occurring in Miami-Dade County; and

WHEREAS, current discussions about COVID-19 include plans to safely return the public to jobs and regular activities; and

WHEREAS, the Centers for Disease Control (“CDC”) continues to study the spread and effects of COVID-19 and has found that a significant portion of individuals with the novel coronavirus lack symptoms and those that eventually develop symptoms can transmit the virus to others before those symptoms appear, meaning that the virus can be spread between people interacting in close proximity to each other by actions such as speaking, coughing, or sneezing, even without exhibiting symptoms; and

WHEREAS, in light of this new evidence, CDC recommends wearing cloth face coverings in public settings where other social distancing measures are difficult to maintain, for example, grocery stores, pharmacies and other businesses people must visit to acquire goods and services necessary to maintain their comfort and well-being; and

WHEREAS, the City Commission recognizes that it is critical to continue to maintain maintaining 6-feet social distancing to slow the spread of the virus COVID-19, but that the additional use of simple cloth face coverings, as recommended by CDC, can further help aid in slowing the spread of the virus by helping reducing the chances of asymptomatic people who may have the virus and do not know it from transmitting the virus to others; and

WHEREAS, the use of masks or face coverings will be beneficial in returning the City of Opa-locka to a more normal level of business activity in attempting to reopen certain businesses and other activities in the City of Opa-locka, and it is in the best interest of public health for individuals to continue to use social distancing and the additional precaution of face coverings or masks while in public contact with other persons; and

WHEREAS, members of households with vulnerable individuals need to use all reasonable precautions to avoid potential exposure to COVID-19; and

WHEREAS, the City of Opa-Locka intends for masks to be worn during any declared pandemic and desires to create a new section of the city’s code of ordinances for face masks or face coverings to be worn during any pandemic related public health emergency that threatens the life, health and safety of residents as determined by the State of Florida, Miami-Dade County or the City of Opa-Locka Commission; and

WHEREAS, the City Commission finds that it is in the best interest of the public peace, health, welfare, and safety, and to preserve the lives of citizens of the City of Opa-locka, to require that masks or face coverings, consisting of at least simple cloth face coverings, be worn by persons when interacting in public spaces in the City of Opa-locka during any declared pandemic.
