SUNSHINE MEETING
Opa-locka Beauty Pageant
Thursday, April 17, 2025
2:00 PM

1. WELCOME AND INTRODUCTIONS:

Commissioner Dr. Sherelean Bass called the sunshine meeting to order at 2:05 PM on Thursday, April 17, 2025, at the City of Opa-locka Clerk's Conference Room, 780 Fisherman Street, 4th Floor, Opa-locka, Florida.

The following members of the City Commission were present: Commissioner Dr. Sherelean Bass, Commissioner Natasha Ervin, Interim City Manager Sha'mecca Lawson and City Clerk Joanna Flores.

2. DISCUSSION AND OVERVIEW OF UPCOMING SPECIAL EVENTS:

a. Opa-locka Beauty Pageant

Commissioner Ervin noted that residents have questioned the appearance of a "Miss Opa-locka" over the past two years, with no clear understanding of how the title was assigned. She suggested creating an official pageant with categories such as Miss Opa-locka, Miss Teen Opa-locka, Mrs. Opa-locka, and Miss Senior Opa-locka, and proposed including men as well.

Ms. Samuels introduced herself as the owner of Queens Academy, specializing in pageant, etiquette, and life coaching, with 37 years of experience in pageantry. She explained that pageantry builds confidence, public speaking, and social skills, and clarified that the current "Miss Opa-locka" title resulted from a state pageant interview process, not a local event.

Ms. Samuels suggested creating an official city pageant, including categories such as Miss, Mrs., Teen, and Senior Opa-locka, with the option to include men. She recommended a training period of 4-6 weeks to prepare participants in areas like public speaking, presentation, and confidence. She proposed starting with an open call to gauge interest, followed by interviews to ensure commitment. Ms. Samuels noted that winners could receive local titles and potentially compete in other pageants, depending on requirements and partnerships.

Ms. Samuels suggested starting with one age group and expanding gradually or hosting a single pageant with multiple categories, such as Miss Teen, Miss, Mrs., and Miss Opa-locka, awarding one winner per category. She added that if desired, a Little Miss or baby category could also be included.

Commissioner Ervin asked how to make it clear that the pageant is open to men as well as women. Ms. Samuels replied that male participants are typically given the title "Mister," such

as Mister Opa-locka or Mister Teen Opa-locka. She explained that adding "Mister" to the title distinguishes male categories and suggested it could be organized as a combined Mister and Miss Opa-locka pageant.

Commissioner Titus, representing senior pageants, clarified that the Senior Florida Pageant is a state-level competition. She explained that winners of a local pageant would be eligible to compete at the state level, but only if permitted by the national organization affiliated with Ms. Samuels' pageant. She emphasized that her involvement is solely with senior citizen pageants and confirmed that local senior winners would be eligible to advance to the state competition.

Commissioner Titus asked if there would be a fee for the training. Ms. Samuels replied that she typically does not charge separately for training, as her entry fee covers the crown, sash, and coaching. She explained that the total cost would depend on how the City wants to structure it, but her standard fee includes all necessary items and services.

Discussion continued about whether to keep the pageant local or further opportunities for state competition.

Ms. Samuels suggested that the City could either create its own pageant from scratch or partner with an existing franchise, such as Florida America. She explained that while it would remain a local pageant requiring participants to live in Opa-locka, the winner could advance to compete in Miss Florida America, and potentially Miss America. She noted that partnering with a franchise would require following their guidelines, which vary in flexibility. Ms. Samuels highlighted that while Miss America is strict, it is a scholarship-based pageant, offering additional opportunities for participants.

Discussion ensued about requirements, community service, pageant timeline, advertising, and a senior pageant.

Ms. Samuels explained that the pageant would require a director to manage operations, noting that the City would act as the owner while she and others could serve as co-directors. She recommended establishing backup directors and a volunteer team to support the event, especially for working with younger participants. Ms. Samuels offered to provide a list outlining roles and responsibilities to help organize staff and suggested involving residents, booster clubs, and volunteers from other pageant systems to assist, particularly with the younger age groups.

3. EVENT PLANNING ASSIGNMENTS:

The discussion moved to detailed timeline. Commissioner Ervin asked if the first interest meeting should be scheduled for next month to begin working with participants by October. Ms. Samuels agreed, stating that holding an interest meeting next month would be ideal to start the process as soon as possible. Commissioner Ervin and Commissioner Bass agreed to host the first pageant interest meeting on May 21st.

4. OPEN FLOOR FOR SUGGESTIONS AND IDEAS:

No additional suggestions and ideas were discussed.

5. CLOSING REMARKS:

Ms. Samuels confirmed that she would send a copy of the contract for review as soon as she had access to her computer.

6. ADJOURNMENT:

There being no further business, the sunshine meeting was adjourned at 3:06 p.m.

Vice Mayor Joseph L. Kelley

- **CERT Program Initiative**
- **Unfunded State Mandates**
- **City-wide Park Masterplan**
- **City Staffing**

Vice Mayor Kelley highlighted the CERT program featured at Meet Me Monday, which trains staff and residents to assist during natural disasters. He said the presenter offered to hold on-

site sessions in Opa-locka and asked the Commission whether to open it to the public or assign specific staff. He plans to work with the Interim City Manager to schedule and implement the program.

Mayor Taylor suggested combining the CERT training with a CPR class the city had previously planned to offer, noting the presenter was willing to provide both.

Vice Mayor Kelley requested more than light refreshments for CERT and CPR trainings. He raised concerns about unfunded state mandates and asked Interim City Manager Lawson to track related costs during budget planning. He also requested an update on the overdue \$150,000 parks master plan. Interim City Manager Lawson confirmed the draft was flawed and is being revised, with a key staff meeting scheduled. Vice Mayor Kelley asked the City Attorney to review the contract and said no major park projects should move forward without a completed plan.

Vice Mayor Kelley asked about current staffing levels. Interim City Manager Lawson said most positions are filled, with ongoing recruitment in Public Works and Police. Exit interviews are being conducted. Interim HR Director Adams shared that a new pay plan with salary ranges for all positions has been submitted and is set for first reading in May. Kelley stressed the importance of this data for budget decisions and retention.

Mayor Taylor asked about the city's police sponsorship program. Interim HR Director Adams said they are working with two academies, with Miami-Dade being the preferred option. Interim City Manager Lawson confirmed it is budgeted, and discussions are underway. A written update will follow. Vice Mayor Kelley urged better job promotion. Interim City Manager Lawson said open positions, mainly in police and public works, will be advertised through social media.

Vice Mayor Kelley praised recent events, including Bunny Jam, the glow-in-the-dark pool night, and Meet Me Monday, and suggested making the pool event a regular community activity. He highlighted the city receiving a Dade Heritage Trust award for restoring historic city hall and asked where the plaque was placed. He supported Earth Day efforts and invited the community to the National Day of Prayer on May 2, with services at noon and 6 p.m. He thanked staff for assisting with event promotion and stressed the need for earlier outreach.

Commissioner Ervin thanked everyone who attended the glow-in-the-dark pool event, noting the strong turnout and community bonding. She was excited to see residents using the tennis courts and encouraged anyone with tennis or pickleball experience to help teach local youth. She congratulated the 8U basketball team on their championship and said they would be recognized at the next meeting. She acknowledged administrative professionals for their daily contributions to the city and asked for prayers for the families of Roscoe Pendleton and Manny, two residents who recently passed away.

SUNSHINE MEETING
Opa-locka 99th Birthday Celebration
Monday, April 28, 2025
3:00 PM

1. WELCOME AND INTRODUCTIONS:

Mayor John H. Taylor, Jr. called the sunshine meeting to order at 3:11 PM on Monday, April 28, 2025, at the City of Opa-locka Clerk’s Conference Room, 780 Fisherman Street, 4th Floor, Opa-locka, Florida.

The following members of the City Commission were present: Vice Mayor Joseph L. Kelley, Commissioner Natasha Ervin, Mayor John H. Taylor Jr., Interim City Manager Sha'mecca Lawson, City Clerk Joanna Flores, and Special Events Coordinator Ivette Mejia.

2. DISCUSSION AND OVERVIEW OF UPCOMING SPECIAL EVENTS:

a. City of Opa-locka’s 99th Birthday Celebration

Mayor Taylor outlined his vision for this year’s birthday celebration, which includes a time capsule burial and a reception following the May 14th Commission Meeting. He proposed holding the meeting at Historic City Hall and emphasized the importance of marking the occasion as a lead-up to the 100th anniversary

Commissioner Ervin noted that the city’s official birthday is May 14 and reminded attendees that it coincides with a regular Commission Meeting. She supported using part of the \$10,000 birthday budget to fund Bingo and emphasized the importance of continuing the weekend-long celebration format from previous years. She provided an overview of last year’s activities and costs, including the gospel concert (\$7,500), Saturday water day, and evening entertainment.

Vice Mayor Kelley agreed with hosting a May 14 time capsule event and discussed trimming costs this year in anticipation of a larger centennial celebration next year. He supported reducing gospel event spending and suggested reallocating funds for Saturday and Sunday activities. He offered to contact local pastors for potential in-kind support and to borrow a stage. He also supported hosting the gospel event at Ingram Park to balance east- and west-side activities.

Special Events Coordinator Mejia confirmed the stage request had been submitted and, if not approved, would cost approximately \$4,000. She outlined cost estimates for Saturday and Sunday events, including inflatables, DJ, food, and petting zoo. The total estimated cost for Saturday alone was approximately \$6,588, including \$3,033 for entertainment and \$2,000 for food and hydration. She noted additional costs were pending for face painting and the dunk tank. Flyers were in production with a 4-day turnaround.

Interim City Manager Lawson confirmed the Historic City Hall is wired for meetings, and the cost of relocating the audio equipment would be internal. She also shared concerns about the capacity and water pressure at Ingram Park and advised coordination with Public Works.

There was a consensus on the following plan:

- **Wednesday, May 14:** Time capsule ceremony before the Commission Meeting at Historic City Hall, followed by a reception outside. Finger food and cupcakes will be served. Budget allocation: \$2,000.
- **Friday, May 16:** Bingo with a Hawaiian theme at Sherbondy Village. Budget allocation: \$1,000.
- **Saturday, May 17:** Fun Day at Sherbondy Village from 11 AM to 5 PM with bounce house, foam pit, water slides, DJ, and food. Saturday night event canceled due to budget constraints. Budget allocation: \$5,833.
- **Sunday, May 18:** Gospel in the Park at Ingram Park from 3 PM to 5 PM. A scaled-down event with local churches providing music and food. Budget allocation: \$1,000.

The total estimated spending would be approximately \$9,833.

3. EVENT PLANNING ASSIGNMENTS:

As part of the next steps, staff committed to finalizing and distributing promotional flyers by the end of the week to ensure timely outreach. Commissioners agreed to record short individual video messages to promote the 99th Birthday Celebration on social media, with Thursday identified as the preferred filming day. The videos will highlight event details and encourage residents to attend and participate.

To generate interest in the time capsule, the city will use flyers and social media to invite the public to contribute items or messages for burial. Staff will also identify a suitable burial site at or near Historic City Hall and coordinate the logistics needed to safely install and preserve the capsule for future generations.

4. OPEN FLOOR FOR SUGGESTIONS AND IDEAS:

No additional suggestions and ideas were discussed.

5. CLOSING REMARKS:

Monday, May 5, 2025

2:00 PM

1. WELCOME AND INTRODUCTIONS:

Vice Mayor Joseph L. Kelley called the sunshine meeting to order at 2:05 PM on Monday, May 5, 2025, at the City of Opa-locka Clerk’s Conference Room, 780 Fisherman Street, 4th Floor, Opa-locka, Florida.

The following members of the City Commission were present: Vice Mayor Joseph L. Kelley; Commissioner Natasha Ervin; Interim City Manager Sha'mecca Lawson, City Clerk Joanna Flores, Parks and Recreation Director Zonya Ray, Procurement Office Junior Bergel and Interim Chief of Police Robin Starks.

2. DISCUSSION AND OVERVIEW OF UPCOMING SPECIAL EVENTS:

a. City of Opa-locka Juneteenth Event

Vice Mayor Kelley emphasized the importance of organizing an event that is both celebratory and educational, reflecting the significance of Juneteenth in the Opa-locka community.

Commissioner Ervin expressed support for an event that combines education and celebration, proposing a dinner event featuring a historical presentation. Vice Mayor Kelley agreed, noting that the event should honor Opa-locka’s history while also fostering community pride. The discussion centered on the logistics of hosting the event, with consensus forming around holding an educational exhibit during the day, followed by a dinner gathering in the evening. The proposed event date was set for Friday, June 19, 2025, with a budget of \$5,000 allocated for the occasion.

Interim City Manager Lawson outlined potential venue options, including Sherbondy Village, which would offer flexibility for setup and catering. Parks and Recreation Director Zonya Ray highlighted the availability of staff to assist with event preparations and noted that the space could accommodate the anticipated number of attendees. Vice Mayor Kelley stressed the importance of selecting a venue that could support both the educational and social aspects of the event.

The group discussed the content and structure of the event. Vice Mayor Kelley proposed including an exhibit on the history of Opa-locka and Juneteenth, which could be displayed at Historic City Hall or a similar facility. Commissioner Ervin suggested inviting Mayor Riley as a keynote speaker or arranging for a video message if he could not attend in person. Additionally, Vice Mayor Kelley recommended incorporating stories from local residents who

could share their personal experiences related to civil rights and the Juneteenth celebration. The exhibit would ideally be available for public viewing on both Friday and Saturday to maximize community participation.

Regarding the dinner portion of the event, the group discussed the importance of providing quality food while remaining within budget. Procurement Officer Junior Bergel suggested reaching out to local caterers to support community businesses. Vice Mayor Kelley noted that the menu should reflect the cultural significance of the occasion and emphasized the need to avoid pre-made items, opting instead for freshly prepared meals. Commissioner Ervin proposed distributing small mementos, such as bracelets, to attendees as keepsakes.

3. EVENT PLANNING ASSIGNMENTS:

Interim Chief of Police Robin Starks confirmed that security would be arranged for the event, particularly during departure, to ensure the safety of attendees. Commissioner Ervin raised concerns about providing sufficient police presence, especially as seniors would be participating. Interim Chief Starks agreed to coordinate with the police department to address these safety considerations.

City Clerk Joanna Flores discussed the RSVP process, suggesting a cap of 100 attendees to maintain a manageable event size. Vice Mayor Kelley agreed and instructed the City Clerk's office to handle the RSVPs. Parks and Recreation Director Ray proposed involving local youth by allowing children to present their thoughts on the importance of Juneteenth, thereby fostering community involvement and pride.

Vice Mayor Kelley proposed creating flyers and engaging local radio stations to publicize the celebration. Commissioner Ervin suggested leveraging social media for broader outreach. Vice Mayor Kelley emphasized the importance of communicating the event's purpose clearly to encourage community engagement.

Before adjourning, Vice Mayor Kelley summarized the action items: finalizing the venue and catering, confirming the educational content and guest speakers, creating promotional materials, and coordinating security and logistics.

Proposer shall be in default of its contractual obligation if such documents are not submitted in a timely manner and in the form required by the City. Where Proposer is in default of these contractual requirements, the City, through action taken by the Department of Procurement, will void its acceptance of the Proposer's Response and may accept the Response from the next lowest responsive, responsible Proposal most advantageous to the City or re-solicit the City's requirements. 2.6. METHOD OF AWARD

This Solicitation is divided into two (2) Groups: Group 1 - Federally Funded Projects; and Group 2 - Non-Federally Funded Projects. Bidders can bid on one Group or both Groups, using the applicable Bid Price Sheet(s).

Award of this contract will be made to the lowest responsible and responsive bidder(s), who bid on all items in the aggregate, meeting Specifications. The City shall select up to three (3) vendor(s), with the lowest deemed the “primary vendor” and the next lowest the “secondary vendor”, and so on, in the order of lowest prices provided to the City. Should the “primary vendor” not be able to provide the item at the time needed, the City has the option to select the next lowest “secondary vendor” to fulfill the order and so forth.

2.7. TERM OF CONTRACT

The Contract shall commence upon the date of notice of award and shall be effective for three (3) years with the option to renew for two (2) additional two (2) year periods, subject to the availability of funds for succeeding fiscal years.

Continuation of the contract beyond the initial period is a City prerogative; not a right of the Bidder. This prerogative will be exercised only when such continuation is clearly in the best interest of the City.

Each renewal of this contract is subject to the following:

- (1) Continued satisfactory performance compliance with the specifications, terms and conditions established herein.
- (2) Availability of funds.

2.9. ESCALATION CLAUSE

The City acknowledges the fluctuating nature of prices for items specified. Accordingly an escalator/de-escalator clause will be accepted only under the following condition.

The Successful Bidder(s) will be allowed to increase/decrease their contractual prices annually to cover future drastic fuel price changes. The market changes will be determined utilizing the Consumer Price Index for All Urban Consumers (CPI-U), U.S. City Average, Miami-Ft. Lauderdale, FL., Gasoline (Unleaded Regular), and Index Base Period between 2017 through 2020. The escalation using the CPI will be determined by the percent change in the level of the CPI between the reference period and a subsequent time period. This will be calculated by first determining the index point change between the two periods and then the percent change. The following example illustrates the computation of percent change:

CPI for current period (2018)	136.0
Less CPI for previous period (2017)	129.9
Equals index point change	6.1
Divided by previous period CPI	129.9
Equals	0.047
Result multiplied by 100	0.047 x 100
Equals percent change	4.7

The Procurement Department may, in its sole discretion, make an equitable adjustment in the contract terms and/or pricing if pricing or availability of supply is affected by extreme or unforeseen volatility in the marketplace, that is, by circumstances that satisfy all the following criteria: (1) the volatility is due to circumstances beyond the Successful Bidder(s) control, (2) the volatility affects the marketplace or industry, not just the particular contract source of supply, (3) the effect on pricing or availability of supply is substantial, and (4) the volatility so affects the Successful Bidder(s) that continued performance of the contract would result in a substantial loss. Successful Bidder(s) might have to supply documentation to justify any requested percentage increase in cost to the City of Miami.

Bidder shall notify the City of Miami Procurement Department, in writing, no less than ten (10) days prior to solicitation closing date of any change in the manufacturers' specifications which conflict with the specifications. Additionally, bidders must indicate any options requiring the addition of other options, as well as those which are included as a part of another option. Failure of bidders to comply with these provisions will result in bidders being held responsible for all costs required to bring the item(s) in compliance with contract specifications.

2.11. NON-APPROPRIATION OF FUNDS

In the event no funds or insufficient funds are appropriated and budgeted or are otherwise unavailable in any fiscal period for payments due under this contract, then the City, upon written notice to the Successful Bidder(s)/Proposer(s) of such occurrence, shall have the unqualified right to terminate the contract without any penalty or expense to the City. SUBJECT: ELIMINATING THE PROCESS OF CURING IRREGULARITIES IN DOCUMENTS SUBMITTED IN RESPONSE TO REQUEST FOR QUALIFICATIONS (RFQ), REQUEST FOR PROPOSALS (RFP), REQUESTS FOR LETTERS OF INTEREST (RFLI), INVITATION FOR BIDS (IFB), INVITATION TO BID (ITB), INVITATION TO QUOTE (ITQ), AND REQUEST FOR SPONSORSHIP (RFS) EFFECTIVE MAY 6, 2019

PURPOSE:

To improve the procurement solicitation process in order to provide internal and external customers with a more efficient and effective procurement of goods and services for the City of Miami. This APM establishes guidelines that eliminate the process of curing irregularities in proposals and bids submitted in response to RFQs, RFPs, RFLI's IFBs, ITBs, ITQs and RFS.

BACKGROUND:

Currently, the Department of Procurement ("Procurement") allows Proposers and Bidders to cure certain deficiencies, deviations, irregularities, omissions, and/or technicalities in proposals and bids submitted to the City in response to RFQs, RFPs, RFLIs, IFBs, ITBs, ITQs and RFS.

In collaboration with the Department of Innovation and Technology ("DoIt"), Procurement has identified the process of curing as the cause of significant delays in formal solicitation process. When proposals and bids require a cure, Procurement sends out a "Notice to Cure" to Proposers and Bidders who are then given additional time to correct, complete, and re-submit the required documents. The process of curing is time intensive and delays the procurement of necessary goods and services for the City; it prolongs the due diligence review period and it stalls and delays the evaluation and selection process, resulting in the extension of time between the issuance of an RFP, RFQ, RFLI, IFB, ITB, ITQ, or RFS solicitation and its award date.

Eliminating the process of curing will streamline and improve the overall procurement solicitation process while making it more efficient by removing a source of delay, and more effective by concentrating due diligence reviews only on complete and responsive proposals and bids. Additionally, it is not a common procurement industry practice to allow cures. Other local public agencies such as Miami-Dade County and the Miami-Dade County Public School System do not presently allow cures in such similar instances.

GUIDELINES:

Procurement will only review and evaluate proposals and bids that have been deemed responsive. **Responsive bids and proposals responses are defined by our Procurement Code.¹** Prospective Proposers and Bidders should understand that non-responsive proposals or bids will not be reviewed and will be eliminated from the evaluation and selection process.

The City will not consider the curing of any proposal or bid that fail to meet the minimum qualifications or submission requirements of an RFQ, RFP, RFLI, IFB, ITB, ITQ, or RFS as applicable. Material deficiencies, deviations, irregularities, omissions, and/or technicalities are not waivable.

Proposals and bids submitted with deficiencies, irregularities, omissions, and/or technicalities that deviate from the minimum qualifications and/or submission requirements for RFQs, RFPs, RFLIs, IFBs, ITBs, ITQs and RFS shall result in a non-responsive determination. The following list includes, but is not limited to, proposal and bid deficiencies, deviations, irregularities, omissions, and/or technicalities that shall result in a non-responsive determination for any solicitation issued on or after May 6, 2019:

If a proposal or bid is missing forms, or contains unnotarized forms, unsigned forms, incorrect forms, or forms signed by any individual, other than the Proposer or Bidder, Proposer's or Bidder's team members, and/or individuals attesting to the stated project experience, the Proposer or Bidder **will not** be given time to cure the proposal or bid, and the City shall deem such proposal or bid non-responsive. The City, at its sole discretion, reserves the right to waive minor deviations not listed above. Such minor deficiencies, deviations, irregularities, omissions, or technicalities may be timely cured by the Proposer or Bidder, at the sole discretion of the City. Material (i.e. substantial or notable) deficiencies, deviations, irregularities, omissions, or technical issues cannot be cured by the Proposer or Bidder and are not waivable by the City.

For illustrative guidance please see below an excerpt from State of Florida procurement instructions which discuss the difference in plain language between material and minor variances.

Responsive bidder, proposer, offeror, or respondent means a business which has submitted a bid, offer, proposal, quotation or response which conforms in all material respects to the solicitation. Sec. 18-73, City Code.

(Excerpt from 2012 WL 1155290 (Fla.Div.Admin.Hrgs.))

Mandatory Responsiveness Requirements: Terms, conditions or requirements that must be met by the proposer to be responsive to this RFP. The responsiveness requirements are **mandatory**. Failure to meet the responsiveness requirements will cause rejection of a proposal. Any proposal rejected for failure to meet mandatory responsiveness requirements will not be evaluated.

1.15 Material Deviations: The Department has established certain requirements with respect to proposals to be submitted by Proposers. The use of *shall*, *must* or *will* (except to indicate simple futurity) in this RFP indicates a requirement or condition which may not be waived by the Department except where any **deviation** therefore is not **material**. A **deviation** is **material** if, in the Department's sole discretion, the deficient response is not in substantial accord with this RFP's requirements, provides an advantage to one Proposer over other Proposers, or has a potentially significant effect on the quantity or quality of items or services proposed, or on the cost to the Department. **Material deviations** cannot be waived and shall be the basis for rejection of a response. Because this is an RFP, the Department will apply this definition liberally in reviewing responses in regard to service delivery.

1.16 Minor Irregularity: A variation from the RFP terms and conditions which does not affect the price proposed or gives the proposer an advantage or benefit not enjoyed by the other proposers or does not adversely impact the interests of the Department.

Note: Under Executive Order (EO) 13658, an hourly minimum wage of \$10.80 for calendar year 2020 applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.80 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2020. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate, if it is higher than the conformed wage rate). The EO minimum wage rate will be adjusted annually. Please note that this EO applies to the above-mentioned types of contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but it does not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60). Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave
for Federal Contractors applies to all contracts subject to the
Davis-Bacon Act for which the contract is awarded (and any
solicitation was issued) on or after January 1, 2017. If this
contract is covered by the EO, the contractor must provide
employees with 1 hour of paid sick leave for every 30 hours
they work, up to 56 hours of paid sick leave each year.

Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the

interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

Short Title:

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF OPA-LOCKA AUTHORIZING THE INTERIM CITY MANAGER TO PIGGYBACK THE CITY OF MIAMI'S AGREEMENT WITH H&R PAVING FOR THE REPLACEMENT AND ADDITION OF THE SHERBONDY VILLAGE TRAILS.

Staff Summary:

After a field inspection, it has been determined that the Sherbondy Village Trails requires replacement. The current 6-foot-wide trail presents cracks and uplifting caused by the adjacent trees planted during the Park Project. The cracks and uplifting sidewalk poses as a potential tripping hazard limiting the walkability of park patrons.

This project will enhance the City's image, improve walkability and address pedestrian safety. As part of this project, the pattern will be modified to prevent future sidewalk damage and increase the trail space.

Therefore, staff is requesting approval from the City Commission to authorize the City Manager to piggyback the City of Miami IFB 1115382 for the replacement and addition of the Sherbondy Village Trails and accept the proposal from H&R Paving, Inc. in the amount of \$81,997.50

Financial Impact - This will be charged to account 44-541846, in the amount of \$81,997.50. The remaining account balance will be \$6,002.50

Proposed Action:

Staff recommends approval by the City Commission to authorize the City Manager to piggyback City of Miami IFB 1115382 for the completion of the Sherbondy Village Trails.

(1) Protest of solicitation.

a. Any prospective proposer who perceives itself aggrieved in connection with the solicitation of a contract may protest to the chief procurement officer. A written notice of intent to file a protest shall be filed with the chief procurement officer within three days after the request for proposals, request for qualifications or request for letters of interest is published in a newspaper of general circulation. (2) Protest of award.

a. Any actual proposer who perceives itself aggrieved in connection with the recommended award of contract may protest to the chief procurement officer. A written notice of intent to file a protest shall be filed with the chief procurement officer within two days after receipt by the proposer of the notice of the city manager's recommendation for award of contract. The receipt by proposer of such notice shall be confirmed by the city by

facsimile or electronic mail or U.S. mail, return receipt requested. A notice of intent to file a protest is considered filed when received by the chief procurement officer; or

b. Any actual responsive and responsible bidder whose bid is lower than that of the recommended bidder may protest to the chief procurement officer. A written notice of intent to file a protest shall be filed with the chief procurement officer within two days after receipt by the bidder of the notice of the city's determination of non-responsiveness or non-responsibility. The receipt by bidder of such notice shall be confirmed by the city by facsimile or electronic mail or U.S. mail, return receipt requested. c. A written protest based on any of the foregoing must be submitted to the chief procurement officer within five days after the date the notice of protest was filed. A written protest is considered filed when received by the chief procurement officer.

The written protest may not challenge the relative weight of the evaluation criteria or the formula for assigning points in making an award determination.

The written protest shall state with particularity the specific facts and law upon which the protest of the solicitation or the award is based and shall include all pertinent documents and evidence and shall be accompanied by the required filing fee as provided in subsection (f). This shall form the basis for review of the written protest and no facts, grounds, documentation or evidence not contained in the protester's submission to the chief procurement officer at the time of filing the protest shall be permitted in the consideration of the written protest.

No time will be added to the above limits for service by mail. In computing any period of time prescribed or allowed by this section, the day of the act, event or default from which the designated period of time begins to run shall not be included. The last day of the period so computed shall be included unless it is a Saturday, Sunday or legal holiday in which event the period shall run until the end of the next day which is neither a Saturday, Sunday or legal holiday. Intermediate Saturdays, Sundays and legal holidays shall be excluded in the computation of the time for filing.

Authority to resolve protests; hearing officer(s).

Hearing officers appointed by the city shall have authority to resolve protests filed under this chapter of the City Code. The city manager shall appoint a hearing officer, from a separate list of potential hearing officers pre-approved by the city commission, to resolve protests filed in accordance with this section, no later than five working days following the filing of a bid protest. The hearing officer shall have the authority to settle and resolve any written protest. The hearing officer shall submit said decision to the protesting party and to the other persons specified within ten days after he/she holds a hearing under the protest.

(1) Hearing officer. The hearing officer may be a special master as defined in chapter 2, article X, section 2-811 of the City Code, or a lawyer in good standing with the Florida Bar for a minimum of ten years with a preference given to a lawyer who has served as an appellate or trial court judge. The hearing officer may be appointed from alternative sources (e.g. expert consulting agreements, piggyback contracts, etc.) where the city commission adopts a recommendation of the city attorney that such action is necessary to achieve fairness in the proceedings. The engagement of hearing officers is excluded from the procurement ordinance as legal services. The hearing officers appointed in the pre-qualified group should be scheduled to hear protests on a rotational basis.

(2) Right of protest. Any actual bidder or proposer who has standing under Florida law dissatisfied and aggrieved with the decision of the city regarding the protest of a solicitation or the protest of an award as set forth above in this section may request a protest hearing. Such a written request for a protest hearing must be initiated with a notice of intent to protest followed by an actual protest as provided in subsection 18-104(a). The notice of intent to protest and the actual protest must each be timely received by the chief procurement officer and must comply with all requirements set forth in subsection 18-104(a). Failure to submit the required notice of intent to protest and the actual protest within the specified timeframes will result in an administrative dismissal of the protest.

(3) Hearing date. Within 30 days of receipt of the notice of protest, the chief procurement officer shall schedule a hearing before a hearing officer, at which time the person protesting shall be given the opportunity to demonstrate why the decision of the city relative to the solicitation or the award, which may include a recommendation for award by the city manager to the city commission, as applicable, should be overturned. The party recommended for award, if it is a protest of award, shall have a right to intervene and be heard.

(4) Hearing procedure. The procedure for any such hearing conducted under this article shall be as follows:

a. The city shall cause to be served by certified mail a notice of hearing stating the time, date, and place of the hearing. The notice of hearing shall be sent by certified mail, return receipt requested, to the mailing address of the protester.

b. The party, any intervenor, and the city shall each have the right to be represented by counsel, to call and examine witnesses, to introduce evidence, to examine opposing or rebuttal witnesses on any relevant matter related to the protest even though the matter was not covered in the direct examination, and to impeach any witness regardless of which party first called him/her to testify. The hearing officer may extend the deadline for completion of the protest hearing for good cause shown, but such an extension shall not exceed an additional five business days. The hearing officer shall consider the written protest and supporting documents and evidence appended thereto, supporting documents or evidence from any intervenor, and the decision or recommendation as to the solicitation or award being protested, as applicable. The protesting party, and any intervenor, must file all pertinent documents supporting his/her protest or motion to intervene at least five business days before the hearing, as applicable. The hearing officer shall allow a maximum of two hours for the protest presentation and a maximum of two hours for the city response. When there is an intervenor, a maximum of two hours will be added for the intervenor. In the event of

multiple protests for the same project, the hearing officer shall allocate time as necessary to ensure that the hearing shall not exceed a total of one day.

c. The hearing officer shall consider the evidence presented at the hearing. In any hearing before the hearing officer, irrelevant, immaterial, repetitious, scandalous, or frivolous evidence shall be excluded. All other evidence of a type commonly relied upon by reasonably prudent persons in the conduct of their affairs shall be admissible whether or not such evidence would be admissible in trial in the courts of Florida. The hearing officer may also require written summaries, proffers, affidavits, and other documents the hearing officer determines to be necessary to conclude the hearing and issue a final order within the time limits set forth by this section.

d. The hearing officer shall determine whether procedural due process has been afforded, whether the essential requirements of law have been observed, and whether the decision was arbitrary, capricious, an abuse of discretion, or unsupported by substantial evidence as a whole. Substantial evidence means such relevant evidence as a reasonable mind might accept as adequate to support a conclusion.

e. Within ten days from the date of the hearing, the hearing officer shall complete and submit to the City Manager, the City Attorney, any intervenor, the Chief Procurement Officer, and the person requesting said hearing a final order consisting of his/her findings of fact and conclusions of law as to the denial or granting of the protest, as applicable.

f. The decisions of the hearing officer are final in terms of city decisions relative to the protest.

Any appeal from the decision of the hearing officer shall be in accordance with the Florida Rules of Appellate Procedure.

Compliance with filing requirements.

Failure of a party to timely file either the notice of intent to file a protest or the written protest, together with the required filing fee as provided in subsection (f), with the chief procurement officer within the time provided in subsection (a), above, shall constitute a forfeiture of such party's right to file a protest pursuant to this section. The protesting party shall not be entitled to seek judicial relief without first having followed the procedure set forth in this section.

Stay of procurements during protests.

Upon receipt of a written protest filed pursuant to the requirements of this section, the city shall not proceed further with the solicitation or with the award of the contract until the protest is resolved by the chief procurement officer or the city commission as provided in subsection (b) above, unless the city manager makes a written determination that the solicitation process or the contract award must be continued without delay in order to avoid an immediate and serious danger to the public health, safety or welfare.

Costs.

All costs accruing from a protest shall be assumed by the protestor.

Filing fee.

The written protest must be accompanied by a filing fee in the form of a money order or cashier's check payable to the city in an amount equal to one percent of the amount of the bid or proposed contract, or \$5,000.00, whichever is less, which filing fee shall guarantee the payment of all costs which may be adjudged against the protestor in any administrative or court proceeding. If a protest is upheld by the chief procurement officer and/or the city commission, as applicable, the filing fee shall be refunded to the protestor less any costs assessed under subsection (e) above. If the protest is denied, the filing fee shall be forfeited to the city in lieu of payment of costs for the administrative proceedings as prescribed by subsection (e) above. (Ord. No. 12271, § 2, 8-22-02; Ord. No. 13629, § 2, 9-8-16).

2.6. METHOD OF AWARD

This Solicitation is divided into two (2) Groups: Group 1 - Federally Funded Projects; and Group 2 - Non-Federally Funded Projects. Bidders can bid on one Group or both Groups, using the applicable Bid Price Sheet(s).

Award of this contract will be made to the lowest responsible and responsive bidder(s), who bid on all items in the aggregate, meeting Specifications. The City shall select up to three (3) vendor(s), with the lowest deemed the “primary vendor” and the next lowest the “secondary vendor”, and so on, in the order of lowest prices provided to the City. Should the “primary vendor” not be able to provide the item at the time needed, the City has the option to select the next lowest “secondary vendor” to fulfill the order and so forth.

2.7. TERM OF CONTRACT

The Contract shall commence upon the date of notice of award and shall be effective for three (3) years with the option to renew for two (2) additional two (2) year periods, subject to the availability of funds for succeeding fiscal years.

Continuation of the contract beyond the initial period is a City prerogative; not a right of the Bidder. This prerogative will be exercised only when such continuation is clearly in the best interest of the City.

2.8. CONDITIONS FOR RENEWAL

Each renewal of this contract is subject to the following:

- (1) Continued satisfactory performance compliance with the specifications, terms and conditions established herein.
- (2) Availability of funds.

2.9. ESCALATION CLAUSE

The City acknowledges the fluctuating nature of prices for items specified. Accordingly an escalator/de-escalator clause will be accepted only under the following condition.

The Successful Bidder(s) will be allowed to increase/decrease their contractual prices annually to cover future drastic fuel price changes. The market changes will be determined utilizing the Consumer Price Index for All Urban Consumers (CPI-U), U.S. City Average, Miami-Ft. Lauderdale, FL., Gasoline (Unleaded Regular), and Index Base Period between 2017 through 2020. The escalation using the CPI will be determined by the percent change in the level of the CPI between the reference period and a subsequent time period. This will be calculated by first determining the index point change between the two periods and then the percent change. The following example illustrates the computation of percent change:

CPI for current period (2018)	136.0
Less CPI for previous period (2017)	129.9
Equals index point change	6.1
Divided by previous period CPI	129.9
Equals	0.047
Result multiplied by 100	0.047 x 100
Equals percent change	4.7

The Procurement Department may, in its sole discretion, make an equitable adjustment in the contract terms and/or pricing if pricing or availability of supply is affected by extreme or unforeseen volatility in the marketplace, that is, by circumstances that satisfy all the following criteria: (1) the volatility is due to circumstances beyond the Successful Bidder(s) control, (2) the volatility affects the marketplace or industry, not just the particular contract source of supply, (3) the effect on pricing or availability of supply is substantial, and (4) the volatility so affects the Successful Bidder(s) that continued performance of the contract would result in a substantial loss. Successful Bidder(s) might have to supply documentation to justify any requested percentage increase in cost to the City of Miami.

2.10. SPECIFICATION EXCEPTION

Specifications are based on the most current information available. Bidder shall notify the City of Miami Procurement Department, in writing, no less than ten (10) days prior to solicitation closing date of any change in the manufacturers' specifications which conflict with the specifications. For hard copy bid submittals, bidders must explain any deviation from the specifications in writing as a footnote on the applicable specification page and enclose a copy of the manufacturer's specifications data detailing the changed item(s) with their submission. For electronic bid submittals, bidders must explain in the Header Section or by an Attachment and, if applicable, enclose a scanned copy of the manufacturer's specifications data detailing the changed item(s) with their submission. Additionally, bidders must indicate any options requiring the addition of other options, as well as those which are included as a part of another option. Failure of bidders to comply with these provisions will result in bidders being held responsible for all costs required to bring the item(s) in compliance with contract specifications.

2.11. NON-APPROPRIATION OF FUNDS

In the event no funds or insufficient funds are appropriated and budgeted or are otherwise unavailable in any fiscal period for payments due under this contract, then the City, upon written notice to the Successful Bidder(s)/Proposer(s) of such occurrence, shall have the unqualified right to terminate the contract without any penalty or expense to the City. No guarantee, warranty or representation is made that any project(s) will be awarded to any firm(s).

ATTACHMENT A

INSURANCE ADDENDUM INSURANCE DEFINITIONS, REQUIREMENTS AND CONDITIONS

The VENDOR/CONTRACTOR agrees to provide and maintain throughout the life of this contract and at Vendor/Contractor's expense insurance coverage outlined herewith as applicable insuring all operations related to the contract and any extensions thereof.

Workers Compensation and Employers Liability

Statutory and subject to the Laws of the State of Florida. This coverage protects against lawsuits stemming from workplace accidents. It provides for medical care to injured employees, along with compensation for lost income.

Commercial General Liability

It protects against accidents and injuries that occur on company property or the property of a customer. It compensates an injured person or owner of property for injuries and property damages, and the cost of defending lawsuits, including legal settlements or investigations. This policy also covers claims resulting from products exposures, libel, slander, copyright infringement and other personal and advertisement injuries.

Commercial Automobile Liability

It protects against liability, no fault, medical payments, uninsured and underinsured motorists claims, collision and other than collision physical damage. In addition, this policy affords coverage on autos that are hired or borrowed or non-owned for use in the business. The non-owned can be autos owned by employees or members of their households.

Non Owned Auto exposures can be endorsed or added under the Commercial General Liability Policy.

Professional/Errors and Omissions Liability

Used by many professionals such as engineers, lawyers, accountants, stock brokers, financial advisers, insurance agents, court reports, dentists, nurses and teachers. It protects against the financial effects of liability lawsuits filed by clients. It basically protects professionals who cause harm to a client due to incompetence, errors or negligence.

Umbrella Liability

It protects against liability and losses after primary insurance benefits have been exhausted. This supplemental coverage kicks in only after the underlined liability policies have paid their maximum benefits.

Environmental Liability

It protects against the financial costs of claims of injury or damage due to pollution, and other costs of cleaning up pollutants. These policies are designed to cover both property and liability risks.

Directors and Officers Liability

This coverage protects against claims from stockholders, employees and clients that are also aimed individually at directors and officers. These claims typically stem from errors in judgement, breaches of duty and wrongful acts in connection with company business.

Cyber Liability

It protects against costs of the theft, destruction or unauthorized use of electronic data through computer viruses or network intrusions. It also adds protection to a business against such costs if a business fails to safeguard another party's electronic data. Companies sharing data outside their internal network benefit from this coverage

Commercial Property

It protects against claims or damages to the insured's buildings, business personal property and personal property of others. It can also provide for loss of business income coverage or extra expenses incurred because of physical loss by a covered peril to the insured's property.

Commercial Crime

It protects against loss of money, securities and other property because of a variety of criminal acts such as employee theft or embezzlement, burglary, robbery, forgery, computer fraud, kidnapping and extortion. Crime insurance also covers money and securities against damage or destruction by almost any cause of loss, not just crime.

Builders Risk

It protects against damage to or destruction of buildings or other structures during their construction. Any party with a financial interest in a construction, remodeling, or repair project benefits from this coverage.

Surety Bonds

Surety bonds are three party contracts. The principal, the party that undertakes the obligation, pays for the issuance of a bond by a surety company. The bond provides capital to guarantee the obligation will be performed. The obligee is the party that receives the benefit of the bond If the obligation is improperly performed.

Valuable Papers

It pays for the cost to reconstruct damaged or destroyed valuable papers and records. Typically is defined to include almost all forms of printed documents or records with the exception of money or securities, and data and media which is usually excluded.

Additional Requirements

The Vendor/Contractor must furnish the City of Miami, Department of Procurement, and Risk Management located at 444 S.W. 2nd Avenue Miami, Florida 33130, original Certificates of insurance to be in force on the date of this Contract, and Renewal Certificates of insurance thereafter. All policies indicated on the certificate must be in compliance with all Contract requirements. The failure of the City

to obtain the applicable or corresponding certificates from Contractor is not a waiver by the City of any requirements for the Vendor/Contractor.

The Vendor/Contractor must furnish Certificates insurance listing the City of Miami as an additional insured. All insurance certificates must be signed, dated and reference the City contract number.

The insurance must provide for sixty (30) days prior written notice to be given to the City in the event coverage is substantially changed, canceled, or non-renewed.

Any deductibles or self-insured retentions on referenced insurance coverages must be borne by Vendor/Contractor. The Vendor/Contractor further agrees to have insurers waive their rights of subrogation against the City of Miami, its employees, elected officials, agents, or representatives.

The coverages and limits furnished by Vendor/Contractor in no way limit the Vendor/Contractor's liabilities and responsibilities specified within the Contract or law.

Any insurance or self-insurance programs maintained by the City of Miami shall not contribute with insurance provided by the Vendor/Contractor under the Contract.

The required insurance to be carried is not limited by any limitations expressed in the indemnification language in this Contract or any limitation placed on the indemnity in this Contract given as a matter of law.

If the Vendor/Contractor is a joint venture or limited liability company, the insurance policies must name the joint venture or Limited Liability Company and each of its separate constituent entities as named insureds.

The Vendor/Contractor must require all subcontractors to provide the insurance required herein. All subcontractors are subject to the same insurance requirements of the Vendor/Contractor unless otherwise specified in this Contract.

If the Vendor/Contractor or subcontractor desire additional coverages, the party desiring the additional coverages is responsible for the acquisition and cost. Notwithstanding any provision in the Contract to the contrary, the City of Miami Risk Management Department maintains and reserves the right to modify, delete, alter or change these requirements.

POLICY NUMBER:**APM- 2-19**

DATE:

March 26, 2019

ISSUED BY:

Emilio T. Gonzalez, Ph.D.
City Manager/Designee**SIGNATURE****CITY OF MIAMI****ADMINISTRATIVE
POLICY****REVISED
SECTION**
Created**REVISIONS****DATE OF
REVISION**

SUBJECT: ELIMINATING THE PROCESS OF CURING IRREGULARITIES IN DOCUMENTS SUBMITTED IN RESPONSE TO REQUEST FOR QUALIFICATIONS (RFQ), REQUEST FOR PROPOSALS (RFP), REQUESTS FOR LETTERS OF INTEREST (RFLI), INVITATION FOR BIDS (IFB), INVITATION TO BID (ITB), INVITATION TO QUOTE (ITQ), AND REQUEST FOR SPONSORSHIP (RFS) EFFECTIVE MAY 6, 2019

PURPOSE:

To improve the procurement solicitation process in order to provide internal and external customers with a more efficient and effective procurement of goods and services for the City of Miami. This APM establishes guidelines that eliminate the process of curing irregularities in proposals and bids submitted in response to RFQs, RFPs, RFLI's IFBs, ITBs, ITQs and RFS.

BACKGROUND:

Currently, the Department of Procurement ("Procurement") allows Proposers and Bidders to cure certain deficiencies, deviations, irregularities, omissions, and/or technicalities in proposals and bids submitted to the City in response to RFQs, RFPs, RFLIs, IFBs, ITBs, ITQs and RFS.

In collaboration with the Department of Innovation and Technology ("DoIt"), Procurement has identified the process of curing as the cause of significant delays in formal solicitation process. When proposals and bids require a cure, Procurement sends out a "Notice to Cure" to Proposers and Bidders who are then given additional time to correct, complete, and re-submit the required documents. The process of curing is time intensive and delays the procurement of necessary goods and services for the City; it prolongs the due diligence review period and it stalls and delays the evaluation and selection process, resulting in the extension of time between the issuance of an RFP, RFQ, RFLI, IFB, ITB, ITQ, or RFS solicitation and its award date.

Eliminating the process of curing will streamline and improve the overall procurement solicitation process while making it more efficient by removing a source of delay, and more effective by concentrating due diligence reviews only on complete and responsive proposals and bids. Additionally, it is not a common procurement industry practice to allow cures. Other local public agencies such as Miami-Dade County and the Miami-Dade County Public School System do not presently allow cures in such similar instances.

GUIDELINES:

Procurement will only review and evaluate proposals and bids that have been deemed responsive. **Responsive bids and proposals responses are defined by our Procurement Code.¹** Prospective Proposers and Bidders should understand that non-responsive proposals or bids will not be reviewed and will be eliminated from the evaluation and selection process.

The City will not consider the curing of any proposal or bid that fail to meet the minimum qualifications or submission requirements of an RFQ, RFP, RFLI, IFB, ITB, ITQ, or RFS as applicable. Material deficiencies, deviations, irregularities, omissions, and/or technicalities are not waivable.

Proposals and bids submitted with deficiencies, irregularities, omissions, and/or technicalities that deviate from the minimum qualifications and/or submission requirements for RFQs, RFPs, RFLIs, IFBs, ITBs, ITQs and RFS shall result in a non-responsive determination. The following list includes, but is not limited to, proposal and bid deficiencies, deviations, irregularities, omissions, and/or technicalities that shall result in a non-responsive determination for any solicitation issued on or after May 6, 2019:

If a proposal or bid is missing forms, or contains unnotarized forms, unsigned forms, incorrect forms, or forms signed by any individual, other than the Proposer or Bidder, Proposer's or Bidder's team members, and/or individuals attesting to the stated project experience, the Proposer or Bidder **will not** be given time to cure the proposal or bid, and the City shall deem such proposal or bid non-responsive. The City, at its sole discretion, reserves the right to waive minor deviations not listed above. Such minor deficiencies, deviations, irregularities, omissions, or technicalities may be timely cured by the Proposer or Bidder, at the sole discretion of the City. Material (i.e. substantial or notable) deficiencies, deviations, irregularities, omissions, or technical issues cannot be cured by the Proposer or Bidder and are not waivable by the City.

For illustrative guidance please see below an excerpt from State of Florida procurement instructions which discuss the difference in plain language between material and minor variances.

Responsive bidder, proposer, offeror, or respondent means a business which has submitted a bid, offer, proposal, quotation or response which conforms in all material respects to the solicitation. Sec. 18-73, City Code.

(Excerpt from 2012 WL 1155290 (Fla.Div.Admin.Hrgs.))

Mandatory Responsiveness Requirements: Terms, conditions or requirements that must be met by the proposer to be responsive to this RFP. The responsiveness requirements are **mandatory**. Failure to meet the responsiveness requirements will cause rejection of a proposal. Any proposal rejected for failure to meet mandatory responsiveness requirements will not be evaluated.

1.15 Material Deviations: The Department has established certain requirements with respect to proposals to be submitted by Proposers. The use of *shall*, *must* or *will* (except to indicate simple futurity) in this RFP indicates a requirement or condition which may not be waived by the Department except where any **deviation** therefore is not **material**. A **deviation** is **material** if, in the Department's sole discretion, the deficient response is not in substantial accord with this RFP's requirements, provides an advantage to one Proposer over other Proposers, or has a potentially significant effect on the quantity or quality of items or services proposed, or on the cost to the Department. **Material deviations** cannot be waived and shall be the basis for rejection of a response. Because this is an RFP, the Department will apply this definition liberally in reviewing responses in regard to service delivery.

1.16 Minor Irregularity: A variation from the RFP terms and conditions which does not affect the price proposed or gives the proposer an advantage or benefit not enjoyed by the other proposers or does not adversely impact the interests of the Department.

Note: Under Executive Order (EO) 13658, an hourly minimum wage of \$10.80 for calendar year 2020 applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.80 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2020. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate, if it is higher than the conformed wage rate). The EO minimum wage rate will be adjusted annually. Please note that this EO applies to the above-mentioned types of contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but it does not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60). Note: Executive Order (EO) 13706, Establishing Paid Sick Leave
for Federal Contractors applies to all contracts subject to the
Davis-Bacon Act for which the contract is awarded (and any
solicitation was issued) on or after January 1, 2017. If this
contract is covered by the EO, the contractor must provide
employees with 1 hour of paid sick leave for every 30 hours
they work, up to 56 hours of paid sick leave each year.

Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the

interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

AN ORDINANCE OF THE CITY COMMISSION ADOPTING AND ENACTING A NEW CODE FOR THE CITY OF OPA-LOCKA.

Staff Summary:

Civic Plus conducted a rigorous review of the City's Code of Ordinances. The purpose of the recodification was to identify antiquated sections of the Code. It has been determined that there were several ordinances, amendments and repeals that were not included. All ordinances of a general and permanent nature enacted on or before April 10, 2024 were codified to align the City's Code. Ordinances adopted after April 10, 2024, that amend or refer to ordinances that have been codified in the Code shall be construed as if they amend or refer to like provisions of the Code. The Land Development Regulations will also be included in the Code for the first time in the City's history. Adoption of this ordinance will enable all re-codification to be published on the Municode website.

Financial Impact - This is an administrative action with no expense associated with it.

Proposed Action:

Staff recommends the City Commission approve the legislation adopting and enacting a new Code for the City.

AN ORDINANCE OF THE CITY COMMISSION OF THE CITY OF OPA-AMENDING THE ARTICLE II SEC.2-28 ENTITLED DATE, TIME FOR REGULAR MEETINGS TO CHANGE THE MEETING START TIME FROM 7PM TO 6PM.

Staff Summary:

Article II Sec.2-28 of City's Code of Ordinance entitled *Date, time for regular meeting* states "Regular meeting of the commission shall begin at 7:00 p.m. on the second and fourth Wednesdays of each month. In the event such days fall on a legal or national holiday, then the time of such regular meeting shall be determined by a majority of the commission." Over a three-year period, the in-person attendance has decreased drastically. However, to ensure the community is kept abreast of legislative decisions and policy making all meetings are streamed live on the City's YouTube channel. Recorded data reflects that the City Commission meetings are being viewed significantly more after the live stream has ended and within the following days. Citizen's forum is also available virtually which allows residents to address their concerns. The Mayor and City Commission desires to amend the meeting start time from 7pm to 6pm and believes this will not affect the attendance or participation of the residents.

Financial Impact: There is no fiscal impact for this resolution.

Proposed Action:

It is recommended that the City Commission approve this ordinance amendment to change the City Commission time from 7pm to 6pm.
